

### **Kathy Stocking, Director of Special Projects**

Ms. Stocking has been with CSW since June of 2001. She brings substantial human capital management, analysis, and communication skills to the organization. Her current work focuses on building CSW's organizational leadership and management with emphasis on sales, marketing, internal research & development and innovation, internal communications, and board development. She is also a member of CSW's Human Capital Initiative team and has performed a broad range of services to clients on projects involving community benchmarking, strategic planning, and evaluation. Her broad skill base has developed over a varied professional career including several years in human resources management in the private sector, the practice of law, and an assignment as a business educator and department manager during her service as a Peace Corps volunteer.

Ms. Stocking has a BA in Economics and a JD, both from the University of Michigan.
